

JUNELLA AGATHA MAGALONG | Junior Full-Stack Developer

junellamgln@gmail.com • +63 962 521 2016 • junella.vercel.app • /in/june25003 • github.com/june-a2

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, HTML5, CSS3
Frontend: React, Next.js, Tailwind CSS, shadcn/ui, Responsive Web Design
Backend: Node.js, REST APIs, WebSocket, WebRTC
Databases: PostgreSQL, MySQL, Prisma
Authentication and Validation: Auth.js, Steam Authentication, Zod
Tools: Git, GitHub, Vercel, Figma, Wix Studio

PROJECTS

Full-stack Developer

Selyne CRM - *selyne.vercel.app/login*

Technologies: Next.js · React · TypeScript · Tailwind CSS · shadcn/ui · Auth.js · Zod · Prisma · PostgreSQL · Vercel

- Built and deployed a full-stack CRM and operations platform for freelancers and small creative agencies.
- Implemented authenticated workflows for client management, projects, tasks, deadlines, and sales opportunities.
- Designed relational database models with Prisma and PostgreSQL and connected them to application workflows.
- Created responsive interfaces with React, Tailwind CSS, and shadcn/ui, then deployed the application through Vercel.

Full-stack Developer

Greenland PH Community Platform - *greenlandph.com*

Technologies: Next.js · React · TypeScript · Tailwind CSS · Steam authentication, PostgreSQL

- Built a player portal connecting web-based account features with data from a multiplayer game server.
- Integrated Steam authentication and implemented player, character, storage, and server-management workflows.
- Developed database-backed features for managing player-owned game data and deployed the portal through Vercel.

Frontend Developer

Northmere One CRM - *northmere-one.vercel.app*

Technologies: React · TypeScript · Vite · Tailwind CSS · Radix UI · localStorage

- Built a property-management CRM interface covering dashboards, properties, tenants, maintenance, tasks, compliance, finances, and reports.
- Implemented searchable and paginated property records, add-property workflows, responsive dialogs, tooltips, notifications, and persistent demo data.
- Structured the frontend around future database-backed workflows for rent roll, tenancy, maintenance, compliance, landlord statements, and communications.

EXPERIENCE

Junior Frontend Developer

Nov 2025 – Jan 2026

Eight Point Solutions LLC - Maryland, USA (Remote)

- Developed the company's responsive landing page in Wix Studio based on business and design requirements.
- Created Figma interface concepts and responsive UI mockups for the company's Learning Management System.
- Collaborated on translating product requirements into clear, mobile-friendly web interfaces.

Web Developer

Jun 2025 – Dec 2025

Virtuality Services - Philippines (Remote)

- Designed and planned the Virtuality Services website, including its structure, content, and page layouts.
- Created Figma wireframes and visual designs, then built and managed responsive pages using HTML, CSS, and JavaScript.
- Managed domain, business email, DNS, and hosting configuration, including the migration from GoDaddy to Hostinger.

Cybersecurity Intern

Sep 2024 – Dec 2024

The Interns Hub - Lisbon, Portugal (Remote)

- Contributed to Privirase.com through website development, UI/UX design, digital content creation, and website asset production.
- Supported social media and cybersecurity-related content for the organization.
